

WILL MAKE AFFIDAVIT**New Lease of Life for an Iowa Postmaster.**

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life. "If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Kodol Dyspepsia Cure
Cures all Stomach Troubles.

Prepared only by E. C. DeWitt & Co., Chicago.

MERRY CREW SANK**Dancing Excursionists On a German River Receive a Sudden Call.****STEAMER CUT IN TWO**

Three Score Passengers On the Steamship Primus Plunged Into a Watery Grave.

Collision With a Tug In River Near Hamburg Causes Fearful Disaster.

Hamburg, July 22.—The steamship Primus, owned by the Hamburg line, with 185 passengers on board, was cut in two and sunk by the tug Hansa on the river Elbe yesterday. About fifty persons were drowned. The Primus was an excursion steamer from Buxtehude, province of Hanover, Prussia. The disaster occurred between Blankenese and Niesteden. Among the passengers were the members of the Ell-back male choral society. At the time of the accident the Primus was crossing the river channel near Blankenese from the southern into the northern fair way.

According to witnesses aboard the Hansa, the movement was made precipitately. The Primus struck the tug's engine-room and the Hansa endeavored to push her ashore, but the tug grounded and the ships parted. The Primus then sank. In the interval, however, about fifty of her passengers were able to reach the Hansa by means of ropes and ladders. Seventy more were picked up by the tug's boats, while others swam ashore.

The terrible panic that occurred on the Primus when the Hansa struck her rendered the efforts to save the passengers almost useless. Fortunately the steamer Dolphin came up immediately and succeeded in saving fifty of those on board of the sinking steamer, while other boats assisted in the work of rescue.

Some of the survivors furnish graphic descriptions of the awful suddenness of the disaster. According to their story the band was playing and many couples were dancing when the collision came like a thunderbolt. The vessel gave a great list, her deck taking such an angle that it was impossible for the passengers to keep their feet. Those below scrambled up the companionways, but most of the persons in the saloon were drowned. Men fought for their own safety regardless of others.

In the midst of the confusion the boilers exploded, adding to the horrors of the scene, and many persons are said to be injured by flying splinters of metal. More of the Primus' passengers could have been saved by the ropes thrown from the Hansa had it not been that before those who seized the ropes could be hauled on board they were pulled off from the lines they had grasped by other persons struggling in the water, and all were drowned in the hideous confusion. Divers have already recovered forty-five bodies, but as yet it is impossible to verify the death list. An attempt will immediately be made to float the vessel and when this is done it is believed a number more bodies will be found. Estimates of the number of dead vary from fifty to sixty.

Fifty-Eight Drowned.

St. Petersburg, July 22.—A ferryboat while crossing the river Volga yesterday at Beresniki sank and fifty-eight harvesters were drowned.

Root Takes a Trip.

Washington, July 22.—Secretary Root left today for New York, whence he will sail on Thursday for Europe in company with General Horace Porter, ambassador to France. Secretary Root is going to Carlsbad for the purpose of bringing home Mrs. Root and some of the children who have been there for their health. It is expected he will return Sept. 6. Assistant Secretary Sanger will have charge of the affairs of the war department.

Done in Cold Blood.

Hallifax, N. S., July 22.—George William Cook, a retired British soldier, is under arrest on the charge of murdering his wife, Lydia Arnold Cook, whom he married six weeks ago, by cutting her throat with a razor at their apartments on Albermarle street last night. After he committed the deed he went to sleep in the bed from which the body of his wife had fallen after being nearly decapitated.

Deadly Kentucky Affray.

Jackson, Ky., July 22.—During a fight here Benton Blanton, formerly a soldier in the Philippines, was fatally shot and Elijah Coldivan was killed. The fight started between Blanton and John Oakes, a farmer. The latter, after emptying his revolver, grabbed Blanton's gun, shooting Blanton fatally. Coldivan was killed by a wild shot. Oakes was not hurt, and escaped.

Decisive Battle.

Panama, July 22.—The government fleet has sailed with reinforcements and ammunition for General Bertie's army at Agua Dulce. Governor Salazar believes that a big battle is being fought at Agua Dulce and that if the government troops are victorious in the engagement, the revolution on the Isthmus will be ended.

MAY YOH'S JEWELS

She Says They Are Gone And Is Not After Captain Strong.

New York, July 22.—A formal complaint of grand larceny was made against former Captain Putnam Bradley Strong last evening by May Yoho who visited police headquarters accompanied by her mother and her law-

CAPTAIN PUTNAM BRADLEY STRONG.

yer, and there charged Strong, who recently disappeared from his home at Hastings, with the theft of jewels which she values at \$250,000. Her complaint was entertained and a general alarm was sent out for the arrest of Strong.

Miss Yoho's counsel said that the safe in the Knickerbocker Safe Deposit company where Miss Yoho had kept her jewels was opened Monday and it was found that her jewels, valued at \$250,000, had been removed, nothing of value being left in the safe except a few trifling trinkets. He also explained that pawn tickets calling for \$100,000 worth of the missing gems had been recovered.

Waters Subsidizing.

Keokuk, Ia., July 22.—The height of the flood in the Mississippi river was reached yesterday south of here. The river fell an inch and a half at Keokuk and the fall will reach southern points today. But the rise of a foot more in the vicinity of Canton, Quincy, LaGrange and Hannibal, carried the water over thousands of acres previously uninjured. The river here is full of debris and rivers above are pouring in much drift from over-flooded lowlands, though the Mississippi north of here is confined by bluffs, close to the shore, and not much farmland is exposed. South of here the floods include thousands of rabbits as passengers on logs, pieces of houses and other wreckage.

Very Proper Refusal.

Lansing, Mich., July 22.—Governor Bliss has refused to make requisition on the governor of Indiana for Fannie Cooley McGowan, charged at Kalamazoo with false pretenses. The reason for his refusal was that affidavits showed that the prosecution was for the purpose of enforcing a payment of a debt. Deputy Sheriff Shean of Kalamazoo having gone to Indiana and offered to withdraw the warrant on payment of a note in question and his expenses.

Talkative Officer.

Washington, July 22.—By direction of the secretary of war General Corbin has written to Colonel Groesbeck asking him for an explanation of the interview published Monday regarding the courtmartial of Major Waller. Colonel Groesbeck was judge advocate of the court, and the opinion expressed at the war department is that an officer should not talk about such matters.

Blazing Gusher Quenched.

New Orleans, July 22.—The great oil fire at Jennings well No. 2 was extinguished yesterday afternoon in the presence of an immense throng of people. The steam test proved entirely successful. No chemicals had to be used.

Appointment Declined.

Oyster Bay, N. Y., July 22.—President Roosevelt is in receipt of a letter from Senator John L. McLaurin of South Carolina declining the proffered appointment to the vacancy on the bench of the United States court of claims.

Killed by a Hayfork.

Warsaw, Ind., July 22.—While using a patent hayfork in storing grain in a barn, John Tumbeson, a well-known farmer, was pierced in the stomach and died from the effects of his injury yesterday.

DEADLY FEUD IS ON**Kentucky Factional Fight Has Developed to the Assassination Stage.****THE GOEBEL KILLING**

Is Recalled By a Similar Case Just Reported Which Has Set a County By the Ears.

Town Marshall of Jackson Shot From Window of Courtroom By Secret Enemy.

Jackson, Ky., July 22.—Town Marshal James Cockrill was fatally shot from a second story window of the courthouse yesterday afternoon by unknown parties. There were six shots, two hitting Cockrill as he passed along Main street. James Cockrill is a brother of Thomas Cockrill, whose trial in Breathitt county for killing Benjamin Harges has revived a desperate feud at war.

The feud between the Cockrill and the Harges factions has demoralized Breathitt county a long time. The officers and even the courts were held in defiance and the governor has been repeatedly appealed to for assistance. The shooting of Cockrill from an upper window of the courthouse has caused as much local excitement for the time being as the shooting of Goebel from the upper story of the statehouse at Frankfort almost three years ago. Factional feeling is intense. The friends of Cockrill say the shooting was part of a conspiracy on the part of the Harges men and that they know who did the shooting and all who were in the conspiracy.

Taken to Hospital.

Lexington, Ky., July 22.—James Cockrill, who was shot at Jackson, Ky., yesterday by unknown parties, was brought here last night and taken to the Good Samaritan hospital. He was shot three times. There is small hope for recovery. He was met here by his cousin, ex-Congressman Thos. Y. Fitzpatrick. It is said that the keys to the circuit court room at Jackson from which the shots were fired are in possession of a Hargis man, the opposing faction to the Cockrills.

APPROACHING A CRISIS**Political Situation in Hayti Growing Alarming.**

Cape Haytien, Hayti, July 22.—The department of Artibonite has proclaimed M. Firmin, the former minister of Hayti at Paris, president, and the inhabitants of the arrondissement of St. Michael and the commune of Marmelade have joined with those of Artibonite with the view of marching on Cape Haytien.

General Jean Jumeau, who is supporting M. Firmin, has received at Gonaives by the steamer Valencia from New York, 200 tons of coal and war munitions for the cruiser Crete A. Pierrot. The situation here is alarming. The general opinion is that General Jean Jumeau intends marching on Port au Prince and that he will send the Crete A. Pierrot there with troops. The provisional government here is divided into four parts—one Firminist and three anti-Firminist groups, and is without any authority. The population is also divided and it is generally believed that M. Firmin will not meet with any serious resistance in his advance on the capital.

Will Get Decorations.

Berlin, July 22.—Cabinet orders conferring decorations on about 300 Americans who had to do with the trip of Prince Henry of Prussia to the United States are in Emperor William's hands for signature. The list was made up largely by Dr. Von Holleben, the German ambassador at Washington though of course Prince Henry personally suggested a good many names.

Miners Hopeful.

Wilkesbarre, Pa., July 22.—Nearly all the delegates from District No. 1 United Mine Workers, to the national convention at Indianapolis, have returned home. Those interviewed claim to have great faith in their bituminous brethren and have confidence that they will respond willingly to the call for assistance of the strikers. At the offices of the big companies it was stated that men were applying for work every day, but no promise would be given when there would be work for the applicants.

Old Newspaper Sold

Philadelphia, July 22.—The Philadelphia Public Ledger was yesterday purchased by Adolph S. Ochs from George W. Childs Drexel and the Drexel estate, and possession was at once given to him. The price paid is not made public, but it is stated on good authority that over \$2,250,000 are involved in the transaction.

Going to Dry Dock

London, July 22.—The United States flag ship Illinois arrived at Sherness yesterday from Christiana and proceeded to Gravesend, when she will go to the Chatham dockyards for repairs consequent on her striking an obstruction while her steering gear was disabled July 14 as she was entering the outer harbor of Christiana.

WILL TALK IT OVER

Anti-Imperialists In Convention At Lake George.

Boston, July 22.—A number of the anti-imperialists of this city, including Charles Francis Adams, Moorefield Storey and Julian Codman, left last night for Lake George to join other leaders of this movement at a meeting of the special committee appointed last spring to investigate affairs in the Philippines and secure the publicity of the facts. The meeting will be held at the home of Hon. Carl Schurz, and Herbert Welsh of Philadelphia and many of the Western leaders in the movement will also be present. The object of the meeting is to canvass the investigation that has been made and discuss the present situation.

Inasmuch as Andrew Carnegie, the chairman of the committee, is now in Europe, a temporary chairman will be chosen, but the entire proceedings will be communicated to Mr. Carnegie by cable. It has been the belief that the anti-imperialist movement was dying out, but these leaders say that they are determined to press the issue with more vigor than ever. It is possible that at the conclusion of the meeting a statement of facts developed will be sent to President Roosevelt.

Greenville, Miss., July 22.—Ashley Cocke and Thomas Lauderdale will be hanged here today in the Washington county jail for the murder of Engineer Wray, all attempts to obtain their pardon having failed. Both men appeal indifferent to their fate, Cocke declaring last night: "I hope they will hang us before 11 o'clock, then we will eat dinner in hell."

Free Ice In Nebraska.

Hastings, Neb., July 22.—A terrific hailstorm prevailed over a considerable part of the farming country in this county yesterday afternoon. Chunks of ice weighing nearly a quarter of a pound fell for fifteen minutes. Chickens were killed and young stock injured. Oats and corn were driven into the ground and beyond redemption.

No Blame Attached.

Washington, July 22.—The court of inquiry which investigated the grounding of the battleship Illinois while entering Christiana harbor last week has found that no blame attaches to the officers or crew.

CHAS. P. BUTLER, until recently the publisher of the North Vernon Sun, took charge of the Bedford Democrat Monday.

THE democratic reorganizes are watching W. J. Bryan's speech making tour through the east with much suspicion. They have already learned that he must be reckoned with in the making up of campaign issues. His present following in the party has surprised the conservatives.

THE published statement of ex-Senator Pettigrew has every appearance of Bryan's previous endorsement. He declares that if the Cleveland-Hill element of the democratic party continues to ignore the Bryan element a new party will be formed with Bryan as its leader. This statement has caused the reorganizers to hesitate. They see the same old troubles of party factions ahead. The real difficulty with the democratic party is that it has too many "petty leaders."

Died in Alaska.

Mrs. W. P. Rooney received information today that her brother, Thomas Crawford, died at Rampart City, Alaska, May 10. The information came from Mr. Crawford's nephew, who was with him at the time of his death. The remains were buried on one of Mr. Crawford's claims in Alaska.

Thomas Crawford was thirty-one years of age and had been in Alaska for eleven years. The last time he was home was three years ago when he visited his parents in Seattle. For eight years he has been assessor and collector in the territory. He possessed seventeen claims in Alaska at the time of his death and two had been developed. On one claim coal had been found and in this fuel he was an extensive dealer. When Mrs. Rooney last heard from him a few months ago he was in good health and prospering.

Commercial Club Officers.

The directors of the Commercial Club met in S. A. Barnes' office Monday afternoon and elected the following officers: President, E. H. Ahlbrand; Vice-president, Jno. M. Lewis; Treasurer, J. H. Matlock; Secretary, E. A. Remy.

Besides the election of officers some factory propositions were discussed with much interest. There are some such propositions up for consideration now that should result in the bringing of at least one more valuable industry to our city.

ENGINEER AND FIREMAN KILLED.

Fatal Explosion of Boiler Near Olney, Illinois.

About 3 o'clock this afternoon a message was received here that Engineer John Connaty was killed about three miles east of Olney, Illinois, today. A little later the word came that his fireman, Michael Muster, was killed at the same time.

The boiler of their engine exploded while the train was in motion. The engine was No. 125, and was pulling local freight, No. 34. So far as reported here none but the engineer and fireman were hurt. Further particulars of the accident are not known here at this time.

Both Engineer Connaty and Fireman Muster were well known in Seymour and the news of their untimely death will cause much sorrow among their friends. They formerly lived here and were highly esteemed. They moved from here to Washington and have been running on the west division.

John Connaty was a son of Hugh Connaty, whose home is in this city.

Aaron Alsop was here from Scottsburg last night.

Mrs. J. R. Tindler went to Tampico Saturday.

Henry Hoover and James Cole went to Medora with their threshers last week.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sore cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. FRANK HUFFSTETLER KILLED.

Word Received from Ogden, Utah, This Afternoon.

A message was received here this afternoon that Frank Huffstetler had been killed near Ogden, Utah. He was braking on the Union Pacific, but the particulars of his death have not been received.

Huffstetler was raised in Seymour and for several years was a brakeman on the B. & O. S. W. He was popular among the railroad men and had a wide circle of friends. He left last spring for Ogden where his father lives and began work with the Union Pacific as brakeman. He was about thirty years old. He married Miss Amelia Kruwell and was a brother of Mrs. Grant Cole.

TWO ODD FISHES.

The Changeable Pink Hind and the Rainbow Headed Parrot Fish.

The clear, limpid waters that surround Bermuda and the West Indies lie above coral reefs covered with plants and animals, many of which are brilliant in color as a rainbow. They look like glimpses of fairyland, and as your eye wanders from one wonder to another you catch yourself striving to peek just around some corner into a strange nook, half hoping to see a bevy of mermaids and maidens sporting and playing within the crannies. Here is a patch of pale green sea lettuce, there a group of great purple sea fans, yonder some golden corals standing out like a shelf or branching like a tree, while among them all swim lovely fishes that take the place of the fairies that should dwell in this magic land and fascinate you by their gorgeous colors and their graceful, wavy motions.

There is a great green "parrot fish," as brilliant in color as his namesake the bird, showing himself boldly and swimming along slowly, secure from any assault. His scales are green as the fresh grass of springtime, and each one is bordered by a pale bluish line. His fins are pink, and the end of the tail is banded with nearly every color of the rainbow. He is showy, but this showiness serves him a good purpose. His flesh is bitter and poisonous to man and probably so to other fishes as well, and they let him well alone, for they can recognize him afar off, thanks to his gaudy dress.

Underneath the parrot, lying on the bottom, is a "pink hind." You notice him, and as the parrot passes over him he suddenly changes to bright scarlet and as quickly resumes his former faint color. Had the parrot been looking for his dinner and thought the hind would make a good first course this sudden change of color might have scared him off, just as the sudden bristling of a cat makes a dog change his mind. When the hind is disturbed at night, he gives out flashes of light to startle the intruder and send him away in a fright.—Professor C. L. Bristol in St. Nicholas.

THE HOLY CITY.

Jerusalem Still Remembers a Great Fortress of Middle Ages.

Jerusalem is literally "built upon its own heap." Below the houses, courts and paved streets of the present unkept city are the distinguishable remains of eight older cities—those of Solomon, Nebuchadnezzar, Herod, Hadrian, Constantine, Omar, Godefroy, Saladin, Suleiman—writes Walter Williams from the Holy City in his paper in Columbia, Mo.

Jerusalem has been besieged twenty-seven times, a record of vicissitude unparalleled in the history of the world's cities. It has been burned, sacked, razed to the ground, its inhabitants of every faith put to the sword, all the woes uttered by its own prophets against it have come to pass, yet Jerusalem still resembles a great fortress of the middle ages. Seen from the Mount of Olives, its massive gray walls, its flat roofed houses, its mosques and churches with their conical spires and minarets, present a marvelous picture, beautiful, sublime, unending, from the picture gallery of the mind.

The city itself has narrow, dirty streets. The water supply for its 70,000 people comes in a four inch pipe. The open courts are few and small, and the houses are bunched together with no regard for room or cleanliness. Some houses are underground and others on top of the high inclosing walls. The people are fanatical, ignorant, selfish. There is much to detract from the ideal city, but despite all this and more Jerusalem from the Mount of Olives is the same in its essential details, the same in the framework of its setting, the same in fascinating suggestion, as the Jerusalem of which David sang and over which Jesus wept.

Insomnia Remedies.

However hopeless you may consider your case, be slow to fly to drugs for relief from insomnia. A rubber bag full of broken ice applied to the back of the neck and a hot water bag at the feet are highly recommended as a remedy for insomnia even in obstinate cases. The circulation is equalized by this treatment.

The secret of hot milk cure also recommended for sufferers from insomnia lies in sipping the beverage. The act of slowly swallowing the liquid is soothing in its effect and generally produces the much desired drowsy feeling which leads to the coveted sleep.

In a Higher Position.

"Yis. She cud hev told Murphy, that wurruks on the top story iv that same skyscraper."—Baltimore Herald.

The members of the state board of tax commissioners are listening daily to tales of woe from the million dollar corporations, who can cry louder than the little fellows when their pocket-books are touched. Representatives of the railroad companies are being heard now, and there are but few that do not plead, almost with tears in their eyes, for a reduction. Some are willing to permit the present valuation to stand, but they do not talk very strong in that line.

Shocked Entire Family.
Washington, Ind., July 22.—Lightning yesterday struck the house of Perry McCray and tore out one entire side of the structure. The family was rendered unconscious, an eight-year-old boy being thrown across the room. Miss Gertrude McCray was ironing on a table when the bolt came, and the table was torn to pieces. All will recover.

The Czars Invest.
Berlin, July 22.—Special telegrams received here from Kiel confirm the report that Emperor William has bought Francis R. Riggs' thirty-foot yacht Uncle Sam, winner of the Kaiser's gold cup. His majesty intends to sail her in the 1903 regatta without competing for prizes.

Protective Measures.
Dublin, July 22.—Irish land owners have formed a combination with a capital of £100,000 to protect themselves against the United Irish League.

Killed By Train.
Donaldson, Ind., July 22.—C. E. Williams of Fort Wayne was crushed to death between two cars on the Pan Handle.

Safe Stockings.
Tender feet are often made so by the use of much darned stockings. Wear light woolen stockings, and let them be of the cheap kind, that you will not mind discarding directly they become worn. To harden the skin it is a good plan to rub the soles of the feet with methylated spirits every day or to wash them over with salt water.

Mother Always Keeps it Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Peller's drug store. Peller's drug store.

RIPANS

The simplest remedy for indigestion, constipation,
biliousness and the many ailments arising
from a disordered stomach, liver or bowels is
Ripans Tablets. They have accomplished won-
ders, and their timely aid removes the necessity
of calling a physician for many little ills that
best make. They go straight to the seat of the
trouble, relieve the distress, cleanse and cure the
affected parts, and give the system a general ton-
ing up. The Five Cent packet is enough for an or-
dinary occasion. The family bottle, 50 cents, con-
stitutes a supply for a year. All druggists sell them.

MEDORA.

Colorado Grant's show was well at-
tended here last Wednesday night.

Owing to the rain the band concert
was called off last Saturday night.

Those who took advantage of the
low excursion rates to Chicago last
Saturday night were N. V. Trautman
and Raymond Rucker.

Those who took the excursion to
Vincennes Sunday were A. E. McMil-
lan, Everett Holmes, Wm. McCreary,
New Woods, Chaucer Goodwin,
Sam Carr and C. W. Weddel and wife.

Harry Hamilton and Otto Ernst,
who have been attending school at
Indianapolis, are at home on a short
visit.

Ken Holmes and family of Indiana-
polis, who have been visiting relatives
and friends here for the past week, re-
turned home last Saturday.

The sick here are all reported better.
Ralph Miller, of Vincennes, is up on
a short visit.

We understand Medora is to have a
harness shop in the near future,
which is needed very much. We also
need a first class jeweler as there is
none in the town at the present time.

Schwartz School News.

J. R. Blair is the walking Encyclo-
pedia of the school.

Many of our citizens are not aware
that there is such an institution as the
City Bank of Seymour, Ind. This
bank plays an important part in the
student's life at Schwartz School, and
transacts a daily business of over
\$100,000 (in college currency.) Stu-
dents learn to handle all kinds of
checks, notes, drafts and certificates
of deposit in a most realistic and busi-
ness-like manner.

Perry Vogel is one of the most care-
ful workers, and consequently has one
of the neatest sets of books.

The following were perfect in making
out invoices the past week: Miss Anna
Abel, Robert Blair, Miss Amy Roeger,
Miss Edith Spray, Miss Helena
Hustedt, Miss Vallie Woerner.

Jno. M. Hamilton deserves a great
deal of credit for the work he is doing.

Quite a number of the Schwartz
School people went to Indianapolis
Sunday. Among others, were Miss
Schulz, the shorthand teacher, Messrs.
Walter Hoskins and Chas. Harvey.

Prof. Schwartz, wife and little
daughter spent Sunday with their pa-
rents at Tell City, Ind.

A more enthusiastic class of hard-
working pupils can not be found: only
one in the whole class is inclined to
be more fond of play than of work at
times.

Miss Edith Spray had a perfect pa-
per in the Shorthand test.

Four weeks of school have passed,
and only one case of absence, so far:
a good report indeed.

The typewriting class is doing very
good work. They are all making rap-
id progress and deserve high com-
mendation.

It is rumored that Miss Anna Abel
is an "able" pupil, that Miss Grace
McGinty has a graceful way of doing
things, that Miss Nellie Fox is rather
foxy, while Perry E. Vogel is a bird.

There is more Catarrh in this sec-
tion of the country than all other dis-
eases put together, and until the last
few years was supposed to be incur-
able. For a great many years doctors
pronounced it a local disease, and
prescribed local remedies, and by con-
stantly failing to cure with local treat-
ment, pronounced it incurable. Science
has proven Catarrh to be a constitu-
tional disease, and therefore requires
constitutional treatment. Hall's Cat-
arrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the
only constitutional cure on the market.

It is taken internally in doses from 10
drops to a teaspoonful. It acts di-
rectly on the blood and mucous sur-
faces of the system. They offer one
hundred dollars for any case it fails to
cure. Send for circulars and testi-
monials. Address,

RAILROAD RUMELINGS.

Baggage-master C. A. Ramsey, of
the S. I., is laying off.

John W. Minor, of Indianapolis,
was here this morning on business.

Engineer Americus Donnels is suf-
fering with two large boils under his
arm.

John Hughes and Ed. Kernan are
employed on the B. & O. S-W. work
train at Jeffersonville.

Ira Haas, B. & O. S-W. brakeman,
will move from North Vernon to Sey-
mour at once and brake on the local.

Conductor Steve Lockwood, of the
S. I., and wife, of Terre Haute, spent
Sunday with their friends, J. M.
Clark and wife.

Ed Clendening who has been on
through freight, has been changed to
local and is now braking for conduc-
tor Dick Gabriel.

J. W. Overman has taken a position
with the bridge gang on the J. M. & I
and left for North Vernon today to
work on the Madison branch.

John Waltrip, who has been em-
ployed on the Southern Indiana has
accepted a position on the Illinois
Central with headquarters at Urbana,
Kentucky, and left for that place to-
day.

Will Lefler is now employed on the
Illinois Central with headquarters at
Mattoon, Ills. His household goods
was shipped yesterday. Mrs. Lefler
and child left on No. 5 this morning
via the B. & O. S-W.

T. J. Jore who has been ticket agent
and telegraph operator at the J. M. & I.
station for the past three or four
years, left this morning for Louisville
to take his new position in Superin-
tendent Bushrod Taylor's office. His
many friends here regret to lose him
from Seymour, though they congrat-
ulate him on his promotion. Ed Bos-
meir arrived from Columbus this morn-
ing to take Mr. Gore's place here.

The First Experience

Of maternity is often followed by a quick convalescence which gives no hint of loss of strength as the result of the trying ordeal. Youth with its undrained vitality makes for the young mothers' health and happiness. But later maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering of maternity and to make convalescence a slow and weary process.

Dr. Pierce's Favorite Prescription prepares the wife for maternity. It promotes the appetite, cures nervousness and sleeplessness, and gives a consciousness of buoyant health. It gives great muscular strength and elasticity and makes the baby's advent practically painless. It is unexcelled as a strength-giving tonic for mothers during the period of convalescence.

"During my two years of married life I have not had good health," writes Mrs. Daisy Studdard, of 608 South Esplanade Ave., Leavenworth, Kans. "I was all run-down, and my husband got me to write to Dr. Pierce and explain my case to him and see if he could do me any good. So I wrote, and, thank the Lord, I got an early reply telling me what the trouble was. I commenced taking Dr. Pierce's Favorite Prescription, also the 'Pleasant Pellets,' and now can say that I feel like a new woman, and can say also that we have a big baby four months old. When the baby came it was just wonderful how I got along, and now I do all my work and do not feel tired out like I used to. I have taken eight bottles of the 'Favorite Prescription.' It makes one feel well and strong."

Weak and sick women are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

GIVEN AWAY. No charge is made for Dr. Pierce's Common Sense Medical Adviser. It is sent FREE on receipt of stamps to pay expense of mailing ONLY. It is the best modern medical work, containing more than one thousand large pages of valuable advice and information. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. PIERCE, Buffalo, N. Y.

ONE COWSKIN.

An Instance of German Military Thrift and Red Tapeism.

An instance of military thrift and of a red tape system which is not peculiar to Germany comes from the Prussian war office. In 1865 the guards were breakfasting hurriedly. They had on the previous day fought the battle of Soor and had accomplished altogether a nine days' march. This was not the era of canned meats, and to each regiment had been allotted a certain number of cattle which had been killed, skinned and cooked, but while the men were still eating scents came in with the news that the Austrians were near at hand.

The men got into marching order and in a few minutes were in rapid advance toward the enemy. The Grenadier guards, conspicuous always for their dispatch, hurried to such purpose that they failed to secure the skin of a cow which had been made over to them for rations.

When the official who was responsible for the value of the hide came to ask for it, it had to be reported missing. Inquiries were set on foot, evidence was collected, and a voluminous correspondence lasting fourteen or fifteen months failed to account for the skin.

There had been a cow. She had been made over to the guards. She had a hide. The hide was government property, representing a sum fixed by official tariff. The government must be credited with that sum. The hide was not forthcoming. Who should be responsible for its cash value?

It was at last decided that the colonel of the regiment should be held accountable, and a year and a half after the conclusion of the seven weeks' war he was requested by the war office to remit the sum of 3 thalers, the price of one cowskin lost by the Grenadier guards. When the sum was paid, the subject was at last officially dropped.

Stone Throwing.

A propensity to throw stones regardless of consequences has been one of the earliest signs of natural depravity among men since time began and, we fear, must continue that way until the millennium ushers in the era when bad boys are no more and stones are confined to their proper and legitimate uses.

Anyway, the mischief wrought by this vicious and execrable habit looms up into serious proportions when the figures are given out by plate glass insurance men showing that it costs not less than \$250,000 a year to make good the losses thus caused by reckless boys in this country alone.

With stone throwing costing \$250,000 a year, carelessness in setting fires costing hundreds of millions more and heedless accidents causing immense sacrifice of property, the good people have many bills to foot which ought not to be theirs.—Leslie's Weekly.

The Best Liniment for Strains.

Mr. F. H. Wells, the merchant Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by C. W. Milhous.

HUNDRED MILE COAST.

The Oroya Railway in Peru Distinguished Itself in Many Ways.

Lord Ernest Hamilton describes his experience of a thrilling but perilous pastime, the descent in a small hand car of a wonderful mountain railway in Peru.

"As a matter of fact," he writes, referring to the title of the article, "it is 100; but for the sake of a title, the extra six may go—100 are enough at any rate for purposes of illustration. These hundred odd miles are to be found on the Ferro-Carril Central of Peru, commonly called the Oroya railway, and they are to be found nowhere else.

"This Oroya railway is a very wonderful line indeed. It not only climbs higher than any other railway in the world, but also distinguished itself in a variety of other ways incidentally referred to hereafter. But the accomplishment with which I am chiefly concerned is this—that it provides the only road in the world which a man on wheels can travel over 100 miles by his own momentum and practically at any pace to which the fiend of recklessness may urge him.

"The object of what is here written is to trace the sensations born of a run down from the summit of the Oroya railway, 15,000 feet above sea level, to the verge of the Pacific. You start under the eye of the eternal snows, and you finish among humming birds and palms. You start sick with the unspeakable sickness of soroch, and you finish in the ecstasy of an exultation too great for words.

"The gods of Olympus were worms beside the man who has during the last three hours controlled his car from the Paso de Galera to Callao, for it is in the control that lies the joy, as in other things apart from car running. To sit beside the brakeman is good, but to drop the brakeman on a friendly sliding and grasp the lever in your own firm but not too exacting hand is to sup a liberal foretaste of the joys of heaven.—Pearson's Magazine.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies."

Mr. Kelly is a well known citizen of Henderson, N. C. For sale by C. W. Milhous.

ORCHARD AND GARDEN.

Give the roots of trees a deep and broad bed of soil to start and grow in. In pruning the grape cut back to the third bud, as it is usually the first or third perfect bud produced.

When winds prevail from any direction, as they usually do, lean the tree a little in that direction when setting out. The essentials in making a good garden are rich soil, plenty of manure, good seeds, timely labor and a fair season.

Having the soil in a good tilth and planting in straight rows will save much labor in cultivating in the garden.

One of the best ways of getting rid of moss and lichens adhering to the bark of trees is an application of lime white wash.

In taking trees from a nursery or forest, preserve all of the roots and fine rootlets possible. Dig out instead of pulling up the tree.

When the fruit or leaves of any plant or tree are eaten by insects of any kind, spraying in good season and sufficient often is the safest and best remedy.

Gladiolus bulbs should be planted in full sunshine, four or five inches deep and about one foot apart. Good soil, rather sandy, is best, avoiding manure, especially if fresh.

"I am using a box of Chamberlain's Stomach & Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, Justice of the Peace, Loomis, Mich. These Tablets not only correct disorders of the stomach but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by C. W. Milhous.

He Knew Wall Street.

Upon Downes—There's a man over there who owes all his wealth to his deep knowledge of the ways of Wall Street.

Winan Luce—West in and won his pile, eh?
Upon Downes—No; stayed out and kept what he had.—New York Times.

Pineapples come into bearing in Hawaii when the plants are four months old and bear in abundance for years. Lettuce can be planted at any time, and it develops quickly. The same is true of celery.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promotes easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Pellen's drug store. Peter's drug store.

An Atchison Lynching.

Here is a story of a lynching in the early days of Atchison: A man named Sterling was hanged first. He was a vicious fellow and did not flinch. Indeed, while the rope was around his neck he announced that he was the best man in Kansas. Sandy Corbin, one of the lynching party, was somewhat of a fighter himself and did not like Sterling's talk. "Men," he said to the lynchers, "if you will postpone proceedings ten minutes I will take the conceit out of this scoundrel." The committee thought it would not be proper to let Sandy whip Sterling before hanging him, and the lynching went on, although Sandy grumbled loud and long because Sterling's bluff was not called.—Atchison Globe.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing, Iowa, Journal. For sale by C. W. Milhous.

When Gold Looks Green.

Gold can be beaten out so thin that it allows light to pass through it. In which case, though it still appears brilliant yellow by reflected light, it is green as viewed by transmission—that is, by the light that passes through it. This curious effect can easily be observed by laying a piece of gold leaf upon a plate of glass and holding it between the eye and the light, when the gold will appear semitransparent and of a leek green color.

And There Are Others.

Waggs—Old man Blowitz has a remarkable memory, hasn't he?
Naggs—Wonderful. Why, he actually remembers a lot of things that never happened.—Chicago Record-Herald.

Mrs. Rangle—I've advertised for a servant for a whole week with no results.
Mrs. Cumso—Well, I advertised for a good looking lady help and had thirty-four to select from the first day.—Baltimore Sun.

ALL WRONG.

The Mistake is made by Many Seymour Citizen.

Don't mistake the cause of backache. To be cured you must know the cause. It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys. A Seymour resident tells you how this can be done.

Mr. O. Burdick of Indianapolis avenue, says, "I procured Doan's Kidney Pills, sold by C. W. Milhous for Mrs. Burdick, who suffered from a distressing aching in her back and occasional dizziness. She told me that they cured her of the backache and strengthened her kidneys so that she can rest well nights. A little extra exertion does not prostrate her as it did formerly, and the dead tired feeling mornings does not oppress her as it once did. We can highly recommend Doan's Kidney Pills to any one suffering from their back or kidneys."
